Momentum Funding

FOR THE FILE THAT DOES NOT FIT A TIDY CHECKLIST

Momentum Bridge

Four months in. Two positions already. An NSF last month. Somebody still funds this.

A thin file is not a dead file. This program exists for the business that is real and trading but does not survive a tidy checklist — and we will tell you honestly what it costs before you decide.

HOW MUCH

$5,100

to $300,000

WHAT DECIDES IT

The whole file

positions and negative days included — neither one automatically stops it

WHAT WE NEED

3–4

months of statements, depending on your state

IS THIS YOU?

- You have been trading three to eight months
- You already have one or more advances running
- You bank around $5,000 a month or more
- Your statements have some negative days on them and you know it

HOW IT WORKS

1

Tell us the truth on the first call

Positions, negative days, anything behind. We can work with all of it. What we cannot work with is finding it in the statements ourselves.

2

Send the file

Signed application and your statements. Some states need a fourth month.

3

The funding company prices it

This program costs more than our clean-books program, because the risk is genuinely higher. We show you the figure before you commit, not after.

4

Fund — and then let us look again

When your statements improve you may fit a less expensive program. We will review it with you then. Nothing is promised.

HAVE THESE READY AND THIS TAKES ONE CALL

- A signed application
- Three months of statements — four in California and New York
- Photo ID
- A list of every advance you already have running

WHAT IT COSTS YOU

You pay us nothing. Ever.

We are paid by the funding company when your deal funds. No application fee, no retainer, no charge if you say no. This money costs more than our Working Capital program — that is the honest trade for funding a thinner file, and we would rather say it on a poster than in the small print.

THIS PROBABLY ISN'T YOU IF...

- Your books are clean and your deposits are strong — Momentum Working Capital is built for that profile and costs less
- You cannot make the payments on what you already have — another advance makes that worse, not better. Call us anyway; there is more than one way to deal with that
- You are in Texas or North Dakota — this program is not available there. Call us and we will tell you what we can do

One call tells you whether this is worth your time.

mfunding.net/apply

Agentic Voice Inc. d/b/a Momentum Funding. A merchant cash advance is the purchase of a portion of your future receivables. It is not a loan, and nothing here is an offer, an approval or a commitment to fund. Momentum Funding is a broker, not a funder — we are paid by the funding company, never by you, and we charge no upfront fees of any kind. Your amount, your payment, your total cost and your schedule are set by underwriting and given to you in writing before you sign anything. Any disclosure your state requires on commercial financing is provided with your offer, before you sign.
