Momentum Funding

1099 · SELF-EMPLOYED · NO EIN NEEDED

# Momentum Gig

## Every business funding form asks for an EIN you don't have.

You drive, deliver, freelance, contract or create. You are a business — the forms just are not built for you. This program is, and it is the only one we have that takes a personal bank account.

HOW MUCH

**Up to $15,000**

your amount is set by underwriting

WHAT DECIDES IT

**Your banking**

the account history itself — there is no credit score test here

WHAT WE NEED

**1**

photo ID — and a bank connection instead of statements

### IS THIS YOU?

- You earn 1099 or self-employed income — not a W-2 paycheck
- You bring in about $2,500 a month and keep a few thousand in the account
- You have three months of that income behind you
- You have no business bank account, and that has stopped you before

### HOW IT WORKS

**1**

**Check you are in a state we serve**

We cannot serve New York, California or Oregon on this program. Everywhere else, carry on.

**2**

**Open the application**

It is short, and it is built for someone without a business entity.

**3**

**Connect your bank account**

A personal account is fine. The connection gives the funding company what it needs to underwrite you, so there are no statements to dig out.

**4**

**Get funded**

Payments come weekly and flex with what you actually earn, which matters when your income does not arrive on the same day every week.

### HAVE THESE READY AND THIS TAKES ONE CALL

- Your bank login — a personal account is fine
- Three months of 1099 or self-employed income behind you
- Photo ID
- Nothing else. There are no documents to dig out

### WHAT IT COSTS YOU

**You pay us nothing. Ever.**

We are paid by the funding company, never by you. No application fee, no retainer, nothing charged for the introduction. Your cost and your payment schedule are shown to you inside the application before you accept anything.

### THIS PROBABLY ISN'T YOU IF...

- You are in New York, California or Oregon — we cannot serve this program there
- All of your income is W-2 — this program cannot help, and we will not pretend otherwise
- You need more than $15,000 to start with
- You are ruling yourself out over your credit score. This program is not built around one, so that is unlikely to be the thing that stops you. Nothing here is an approval — underwriting decides

One call tells you whether this is worth your time.

**Agentic Voice Inc. d/b/a Momentum Funding.** A merchant cash advance is the purchase of a portion of your future receivables. It is not a loan, and nothing here is an offer, an approval or a commitment to fund. Momentum Funding is a broker, not a funder — we are paid by the funding company, never by you, and we charge no upfront fees of any kind. Your amount, your payment, your total cost and your schedule are set by underwriting and given to you in writing before you sign anything. Any disclosure your state requires on commercial financing is provided with your offer, before you sign.
