Momentum Funding

SMALL ADVANCES · FAST DECISIONS

Momentum Micro

You need five thousand dollars. Everyone you call wants to talk about fifty.

A minimum deal size can rule you out before anyone looks at your business. This program is built around the amount you actually asked for, not the amount that makes somebody else's minimum worth their while.

HOW MUCH
$2,000
to $100,000

WHAT DECIDES IT
Statements
your bank file, read against a set box — not a weekly credit committee

WHAT WE NEED
3
months of business bank statements

IS THIS YOU?

- You need somewhere between $2,000 and $100,000 — the real number, not a rounded-up one
- Your revenue is steady rather than spectacular
- You have been trading at least twelve months
- Somebody has already told you that you are too small to bother with

HOW IT WORKS

1
Tell us the number
One call. What you need it for, and what the business brings in.

2
Send three months of statements
Photographed, downloaded or connected straight from your bank. Whichever is easiest.

3
Get a decision
This program reads your statements against a set credit box. There is no committee and no weekly meeting to wait for.

4
Money moves
Once you sign, the funding company sends the money to your business account. We will tell you their timing when you have the offer in front of you.

HAVE THESE READY AND THIS TAKES ONE CALL

- Three months of business bank statements
- Photo ID
- A voided check — or just a screenshot of your bank portal
- Your EIN

WHAT IT COSTS YOU

You pay us nothing. Ever.
We are paid by the funding company when your deal funds. There is no application fee, no fee of any kind to us, no retainer and no charge if you decide not to go ahead. Anyone in this industry who asks you for money up front to arrange funding is not doing you a favor.

THIS PROBABLY ISN'T YOU IF...

- You have been open less than twelve months — look at Momentum Gig instead if you are self-employed
- You need more than $100,000 — that is Momentum Working Capital
- You are already behind on the advances you have — call us before you take another one. That is a different conversation and we would rather have it early

One call tells you whether this is worth your time.

Agentic Voice Inc. d/b/a Momentum Funding. A merchant cash advance is the purchase of a portion of your future receivables. It is not a loan, and nothing here is an offer, an approval or a commitment to fund. Momentum Funding is a broker, not a funder — we are paid by the funding company, never by you, and we charge no upfront fees of any kind. Your amount, your payment, your total cost and your schedule are set by underwriting and given to you in writing before you sign anything. Any disclosure your state requires on commercial financing is provided with your offer, before you sign.
