Momentum Funding

CLEAN BOOKS · OUR STRONGEST PROFILE

Momentum Working Capital

Your books are clean. Stop being quoted like they aren't.

If your deposits are steady and you are not carrying a stack of other advances, this is the program built for you. It is the least expensive capital on our shelf, and what it costs you is set by underwriting and shown to you in writing before you commit to anything.

HOW MUCH
$10,000
to $2,000,000

WHAT DECIDES IT
Deposits
what lands in the account, not what you invoice

WHAT WE NEED
3
months of statements, and a signed application

IS THIS YOU?

- You have been trading six months or more
- Your statements do not show collections activity or a debt-settlement debit
- You bank at least $4,000 a month
- You own at least 51% of the business

HOW IT WORKS

1
A real conversation about deposits
Not revenue — deposits. What lands in the account is what gets underwritten, and knowing the number early stops you being sent down the wrong path.

2
Send the file
Signed application, three months of business bank statements. Four if you have them.

3
We place it
Knowing which funding company wants a business like yours is the whole job. We place it deliberately rather than scattering it.

4
Review the offer and decide
You see the amount, the payment and the total cost in writing. Nothing is signed on a phone call.

HAVE THESE READY AND THIS TAKES ONE CALL

- A signed application
- Three months of business bank statements — four is better
- Photo ID
- A voided check, or a screenshot of your bank portal

WHAT IT COSTS YOU

You pay us nothing. Ever.
We are paid by the funding company when your deal funds. No application fee, no fee of any kind to us, no retainer, no charge if you walk away. What this program costs YOU depends on your statements, and you will be shown it in writing before you commit to anything.

THIS PROBABLY ISN'T YOU IF...

- You have been trading less than six months — look at Momentum Bridge
- There is collections activity or a debt-settlement payment in your statements — that does not mean nobody can help, but it does mean a different conversation. Call us
- You want a fixed end date and a monthly payment rather than a split of receivables — that is Momentum Term & Line of Credit

One call tells you whether this is worth your time.

Agentic Voice Inc. d/b/a Momentum Funding. A merchant cash advance is the purchase of a portion of your future receivables. It is not a loan, and nothing here is an offer, an approval or a commitment to fund. Momentum Funding is a broker, not a funder — we are paid by the funding company, never by you, and we charge no upfront fees of any kind. Your amount, your payment, your total cost and your schedule are set by underwriting and given to you in writing before you sign anything. Any disclosure your state requires on commercial financing is provided with your offer, before you sign.
